Passcode

High-five Beethoven (or any featured saint, artist, or musician) when leaving or entering the classroom creates recognition of these Tour guide components from a young age.

Welcome

Sing Good Morning to Jesus and our featured saint. Morning survey gets them thinking and processing with a question of the day.

Virtue Garden

Grow in virtue with practical examples through skits and activities—focusing on the five Catholic Schoolhouse virtues.

Storytime

Imagine while listening to a story selection that ties to the Tour Guide.

Presentations

Show and tell to give them a chance to shine and ease into grammar-level presentations.

Grammar Stations

Rotating through engaging activities inspired from the Tour Guide. Yes! They do Catholic Schoolhouse, too, just like the big kids!

Art

Going to art class—just like the big kids (but we'll help the art tutor with ideas to make the projects doable).

Science

A change of scenery to keep these busy little people from going stir crazy. Science tutor will take project to their level, or substitute an age-appropriate suggestion.

Group Activity

Flexible space—do provided group activity—or free choice, movie, or rest if your little ones are tired out.

Wrap-up

Time is allotted to bring closure to their day and help them form good habits of cleaning and packing up.
